EVERY BOTTLE OF WINE CARRIES ITS OWN STORY.

Every wine brand reveals what is hidden behind it. A moment of sincere joy, the taste of passion, decades of tradition or a unique vision of the future.

Wine is a culture you can taste. A drink that is meant to create moments in time. It's the soul of the soil, the echo of the landscapes and reflection of the people who pour their hearts into it. Those who share a love for viticulture, for the culture of drinking wine. In every glass of wine, sunlight and shadow, nature and craft, memory and vision come together.

At the Alpe-Adria Wine Festival & Clubbing, we gathered numerous winemakers from Carinthia, Austria, Slovenia and Italy. Countries connected by a love of viticulture. Each country represents its own character, a unique taste and a real story.

Let the walk between tastings of different wines be, in fact a navigation along the wine map formed by tradition intertwined with innovation. Enjoy the moment and let every sip open new opportunities and let wine become a moment to socialize, explore and discover unforgettable moments.

Welcome to the Alpe-Adria Wine Festival & Clubbing.
